COVER - Tropical storm Doria breaks in fury against the seawalls protecting Mattapoisett waterfront homes. Top photo shows spray flying twenty-five feet in the air and blowing toward Water Street. Bottom shows the sea's action at Dr. Harold Woodcock's home next to the Town Wharf.

Saturday morning Shipyard Park is a forest of masts and taut rigging singing with the gusts of wind.

NAMED MATT. CHAIRMAN FOR TOBEY HOSPITAL FUND DRIVE

Mrs. David H. (Luice) McCormack of Shell Beach Road, Mattapoisett, has accepted the chairmanship for the Tobey Hospital Building Fund campaign in Mattapoisett. She will be in charge of organizing solicitation of summer and winter residents, businesses located in the town, and a house-to-house drive to be held late this year. As her first move in her new job, Mrs. McCormack named Miss Anne H. Stowell of Ned's Point Road as treasurer for the local effort. Miss Stowell works for the Presto Press.

Mrs. McCormack and her family have lived in Mattapoisett for the past eight years. Her husband is employed as a salesman to original equipment manufacturers by Independent Nail Company in Bridgewater and is a major in the United States Army Reserve. They have two children, ages thirteen and five.

Mrs. McCormack has been active in many activities locally, serving currently as chairman of the Mattapoisett Art Festival and on the Historical Museum Ball com-

Mrs. McCormack holds an A.B. from Stonehill College where she now is a member of the executive board, has an M.A. from Emerson College in Boston, and is working on her Ph.D. in Soviet Relations at Brown University in Providence. Her plans are to apply for a grant to go to Leningrad a year from September to continue study for her doctorate.

In accepting the Mattapoisett chairmanship, Mrs. McCormack stated that she enjoys working with people and asking, pleading or even begging for funds for a good cause. "Tobey Hospital is a particularly valuable and deserving place to help as far as the McCormacks are concerned.

Mattapoisett Yacht Club

END OF AUGUST RACING AT MYC

Last week the official calendar at Mattapoisett Yacht Club listed two sailing events: the Junior Wednesday Races on August 25th and the Saturday Senior Races on August 28th.

JUNIOR WEDNESDAY RACES

Concluding its August Series, the Juniors held two races for Beetle Cats, with Jennifer Mee and Jimmy Broadwater the winners.

Jennifer Mee, skippering Gremlin, led the fleet of 10 Beetle Cats and crossed the finish line a close 0:14 ahead of Tricia McCarthy's Wolf. Jimmy Broadwater, in Agamemnon, came in third.

In the second contest, Jimmy moved up to first place, followed 0:30 later by Laurie Jenney's Titanic. Carol McCarthy's Blue Cloud earned third.

SATURDAY SENIOR RACES

Tropical storm Doria, whipping up near hurricane winds and heavy seas, caused the postponement of the last in the August Series of the Saturday Senior Races. The new date is set for Saturday, September 4th, with competition in three classes: Handicap, Corinthians and Beetle Cats.

Grange Fair

In spite of hurricane warnings the annual Agricultural Grange Fair of Mattapoisett Grange opened on Friday and Saturday of last week with a good attendance.

A well attended supper was held Friday night plus the Fair attractions.

Also, in spite of "growing" weather conditions during the Spring and Summer, the committee feels they had a remarkable exhibit of vegetables and flowers. Also, the canning was outstanding. Mrs. Nancy Mott received the rosette from the Department of Agriculture, the State award for the best display of canned and preserved goods.

Other rosettes were awarded to Joseph Furtado and Otto Kellish from the Agriculture Department of the State Grange.

Mrs. Charles MacKenzie, Jr. received first place for a knitted afghan.

Many others received ribbons for many exhibits.

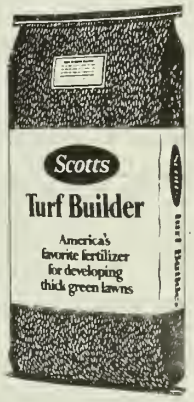
Surveys show:

4 out of 5 standout lawns are fed in the Fall!

Three independent surveys were conducted this past Spring among lawnowners. Results showed that 4 out of 5 standout lawns were fertilized *in the Fall.*



TURF BUILDER is the fertilizer we highly recommend for Fall fertilizing. It releases its nutrients only as fast as the grass can use them. So there's no spindly surge growth to cause extra mowing. Instead, TURF BUILDER produces a thicker, greener, sturdier lawn—this Fall and next Spring too.

On Saturday many interested people viewed the exhibit and enjoyed the usual pleasantry of the merchant's auction and other items. Also, during the evening Mr. William Smith presented his pictures on the Passion Play he and Mrs. Smith attended 2 years ago in Oberammergau, Germany.

A few of the new added attractions were the toy table by Mrs. Evelyn Linhares, the sale of greeting cards by Harlene Fearing, master of the Junior Grange, and her committee; the exhibit of Running Bear, a duck, entered by the Wright children along with an aquarium of gold fish.

It was a wonderful all round committee says Mrs. Mildred LeBaron who was chairman of the Fair. They all join her in expressions of thanks to all who helped to make the success of the Fair.

They are hoping for another successful one in 1972.

Letter to The Editor

Do you know Mary's Pond? It is a little jewel nestled in the woods and cranberry bogs of Rochester. That is, if you go quite fast and don't bother to stop, that's what it appears to be. You may not even see the ribbons of trash which line Mary's Pond Road. But if you do slow down you will see an assortment of things such as beer cans, pop bottles, drinking cups, paper plates, and even odd bits of clothing which people have left behind them. The town of Rochester attempts to have a clean-up day once a year and reputedly the boy scouts and girl scouts and the good citizen volunteers of the town are pretty discouraged by what is left for them to clean up from one year to the next. How lovely it looks in June! How awful in September!

If you should turn into Perry's Lane (where we live) and go up that ancient and lovely road which rounds the pond you will be forced to look at the woods which adjoin the public beach. Yes, you <u>have</u> to look, because you have to go slow there since you are off a public highway. If I can,

you win
when you are assured of a quality paint job.

I cover my eyes so I do not have to look at the desecration of the woods, but I must pass them since we live there. You others have the choice of forgetting it if you please.

What you see there is not a dump, but a recreational spot where people come to picnic and swim. They overflow from the public beach into this No-Man's Land, leaving everything conceivable behind them...diapers, shoes..and of course the ubiquitous beer can. (My husband and I filled a canoe with trash one day in less than an hour.)

The police take little interest in this hideous mess, alleging that it is practically impossible to catch a litter bug.

The town fathers sigh and say, "Yes, Mary's Pond has always been a problem", and the owners of the woods are bedevilled by these vandals who come to enjoy themselves for the day, comfortably flinging their garbage

A THANK YOU

I want to "thank" the wonderful Mattapoisett emergency ambulance service for their "faster than lightning" call to my house on August 14, 1971. The police officers gave superb service to my son-in-law in his hour of need and mere words could not express here our gratitude and praise to let them know what's in our hearts. May God watch over them always.

Open House for "Maigo"

AFS STUDENT IN MATTAPOISETT

On Friday, August 13th, the 1971-72 AFS student at Old Rochester Regional High School arrived in Mattapoisett. Margarita Isabel Cabrera Contreras, "Maigo", will spend this school year with Mr. and Mrs. Joseph J. Sullivan and their four children who reside at Perry Avenue, Mattapoisett.

Margarita lives in Cautin, Chile with her mother, a dentist; her father, a lumberman; and two brothers and three sisters. She is very familiar with the AFS program as two of her sisters and one brother have spent a year under this program in the United States. Her family has also hosted a boy and a girl AFS student from this country under the summer program.

"Maigo" enjoys biology, physics, English and art as her favorite subjects. The sports she likes most are tennis and skiing.

The Sullivans are planning an open house at their home on Saturday, September 4th, at 7:30 P.M.

Capeway League

Fish on the Wharf moved to within one victory of copping the Capeway Softball League playoff title with a pair of wins over Rochester Men's Club in their best three of five series. Last Wednesday night at Center School Field it was a come from behind 11-8 verdict. Last Sunday, the Fishermen won 8-2. Both wins were hurled by Jimmy Macomber, while Bobby Sherman, Hector Heath, and Gary Bobola wielded damaging bats. Sherman, an unsung hero all season long, now has five hits in the two games played to date. Jerry Costa was the Rochester loser last Wednesday. Edgar Martin took Sunday's loss. Neither pitcher was helped by the Rochester defense which was guilty of too many miscues.

The playoff now resumes Wednesday at the Center School Field at 6. Should Rochester win, the two teams will play a fourth game next Sunday afternoon at 4. A fifth game, if needed, would follow the 4 P.M. contest.

Did you know that the Mattapoisett Public Library is able to borrow, from other libraries, books on subjects in which you may have a special interest?

Did you know that if the book you desire is in circulation you may put in a request to reserve it, and you will be notified?

Did you know the library has books in large print for persons with limited vision?

Did you know the library hours are from 2 to 5 and 7 to 9 P.M. Monday, Wednesday and Friday, and from 2 to 5 P.M. on Saturday?

SPECIAL NOTE: We would like to remind our summer residents that we will be happy to keep their library cards over the winter for them, and we would like to ask them to check their homes for library books to be returned.

Turbulent sea washes right over the wharf west of Mattapoisett Beach. People watched a drama off the next wharf in front of the Todd home from this point. A bass boat narrowly missed disaster as it dragged its mooring. It missed the Todd wharf by only a few feet. The owner swam over and cast off under power to take the craft out of danger.

All 3 paintings by Joseph Alexander received at least one vote by the judges. Jane Burns, Virginia Allyn and Evelyn White had two paintings included in the selection. Outstanding among the younger group were Steve Lyon, Joan Jackson and Holly Shedrick.

Although not selected among the "winners" Cyrus Lipsitt's "Vase Envelope" was considered a handsome ceramic piece of slab construction with soft earth color glazes. Fabric and stitchery wall hangings by A. Costerus, Danny Wing's batik and primitive paintings by James Lofthouse were greatly admired.

Doria's Challenge

Editorial, D.C.J.

There is something in all of us that responds to greatness. A great storm is no exception to the rule. I don't believe that there is one person whose blood doesn't surge faster as coastal people prepare to meet the challenge of a great natural force. Friday, after the track of the storm seemed certain to include our coast, boatmen removed their craft from Mattapoisett Harbor. Most of the citizens of the town were drawn to the concentrated activity at the wharf. Hundreds of people watched as boat owners and people from the boatyards worked to bring the small craft to safety. Shipyard Park became covered with the craft that gave it a name. Once again, bowsprits overhung Water Street as the sailboats and work boats lined the top of the park. The air is peculiar before a tropical storm. A forboding still hangs heavy over the sea. You can stand on the wharf and feel the great forces gathering. This is when man knows best that he is a creature of the deep. The responsive chord may have been dulled over the centuries but it has never broken. You can feel the mighty force of the Atlantic gathering its fury and the edge of anticipation is sharp. The dread is there too. There are friends who live and work along the shore and the danger is real. No one who has seen a wave break over a three story house and heard boats grinding against the wharf wants to see the scene repeat itself. The screams of timbers of strong boat wrenching in agony against the stones brings a peculiar chill to man's spinal region. Devastated beaches are a horrible price to pay for a few hours of furious and outrageous conflict between the natural forces of the earth and the puny hand of man.

The fury of Doria was satisfying to the chord in man's soul that responds to stress. The peace and beauty of the day after the storm was doubly to be savored because of the contrast. Our sheltered young people have yet to realize that although peace is wonderful, stress is as vital to life as breath. Peaceful years will flow quietly by and be forgotten. Moments of great stress will be etched forever on the mind in sharp clarity. The day that peace is everything is the day that you cease to live at all.

PUBLIC WHIST PARTY

A public whist party for the benefit of the Ladies' Benevolent Society, Inc. of New Boston Road, Fairhaven, will be held in the Fairhaven Grange Hall, 52 William Street, Fairhaven, on Wednesday evening, September 1st, at 7:30 P.M.

New Assoc. Principal

AT SIPPICAN SCHOOL

It is with sincere pleasure that the Marion School Committee and the Superintendent of Schools announce the appointment of Mr. Michael D. Ward as Associate Principal of the Sippican School. Mr. Ward replaces Mr. Edmund F. Tavares who was appointed earlier to the position and who resigned only because he desired to remain in his present position in the Dartmouth Public Schools.

Mr. Ward is a graduate of Norwood High School, Norwood, Massachusetts; Colby College where he received an A.B. degree with a major in political science; and Oberlin College in Ohio where Mr. Ward earned an M.A.T. Degree.

Mr. Ward has served as a grade 5 teacher in Elyria, Ohio and most recently in Falmouth, Massachusetts.

In 1965-1966 Mr. Ward served as a coordinator of educational practices in the Mukah District of Sarawak, Malaysia which encompassed some 2,000 miles. His work (Peace Corps) included responsibilities for a $200,000 budget, work with children and the supervision of an adult team.

In 1966-67 Mr. Ward was a teacher in the St. Patrick's School in Malaysia where he taught grades 7, 8 & 9 English, Geography, Art, Music, Physical Education as well as conducting an intramural sports program. During this same period, Mr. Ward also served as the Assistant Headmaster where he worked with teachers in matters pertaining to teaching practices, the scheduling of pupils and the improvement of curriculum offerings.

In Falmouth, Mr. Ward has helped organize the "open classroom" approach and served as leader to a team of grade five teachers. His promise in this school was to help children "to meet their individual needs", and assisted children, when necessary, to achieve a self-image. In this method of education, children were taught to select, organize and evaluate their own programs of study under the direction of teachers.

Mr. Ward is married and has one child.

A THANK YOU
